May Family Day Report

We had a great time at the Seeds for Change community garden on Saturday, May 24th. We learned about vermicomposting. Vermicompost is the product or process of composting using various worms to create a mixture of decomposing vegetable or food waste, bedding materials, and vermicast. For more info, go to seedschange.org

We also learned

how to make a container bed from a crate. They were getting ready to plant okra for the summer.

The children were able to feed the chickens, pull onions for a community member in need, handle and view worms, including the hatching of a worm from its egg!

Thanks to all our children (Vivien, Nathan, Tyler, Alex, Hailey, and Berghan) and their families who participated. Ms. Cathy won our new worm bin in the raffle. The children will care for the bin and share compost with those interested.

This Month's Unit: 12 Powers-Wisdom

One focus of this curriculum is to teach the concept that personal choices determine the course of our lives. Therefore, it is important to use good

judgement when making choices. We also are not here to judge others' choices, as we have made, or will make, our own mistakes in life.

We will explore how we deal with the consequences of our choices, both good and bad. In the event of failures in life, we can choose to rise above them.

Unity Principles

1. God is all good and active in everything, everywhere.
2. I am naturally good because God's Divinity is in me and everyone.
3. I create my experiences by what I choose to think and what I feel and believe.
4. Through affirmative prayer and meditation, I connect with God and bring out the good in my life.
5. I do and give my best by living the Truth I know. I make a difference!

12 Powers

Faith—The ability to believe, intuit and perceive.

Strength—The ability to endure, stay the course, persevere.

Wisdom—The ability to evaluate, discern, apply what you know.

Love—The ability to attract, unify and desire.

Power—The ability to master, have dominion and control.

Imagination—The ability to image, picture, conceptualize, envision, dream.

Understanding—The ability to know, perceive, comprehend and apprehend.

Will—The ability to choose, decide, command, lead, determine.

Order—The ability to organize, balance, sequence, adjust.

Zeal—The ability to be enthusiastic, be passionate, start, motivate.

Elimination—The ability to release, remove, denounce, deny, let go.

Life—The ability to energize, vitalize, enliven, animate and invigorate.

The Unity Peace Park Critters

Ms. Joan and the children made these beautiful garden critters as a service project a few weeks ago. They are adorable and a lot of fun went into making these potted hangers. If you are interested in adopting any of these little creatures for your own garden, they are available for a suggested love offering of \$5. See Pam.

We are Accepting Applications for Youth & Family Ministry Teachers!

Have you been wondering about how to serve your church in a fun, creative way? Why not become a YFM teacher? Do you love kids and want to make a difference in the future? Do you have children in the program and want to dedicate a gift of service in their honor? Well, we can make that happen!

Maybe you can't serve once or twice a month, but have a talent you would like to share as a family day event! Maybe you have a gift to share and want to be a guest in Sunday school, or host a workshop. Perhaps you are a teacher with classroom management or fundraising skills- or have meditation, yoga, music, art,

journaling, prayer practice, and so on, and so on. The possibilities are endless!

We will train you to teach Unity curriculum. Our team supports one another. You will make friends too. Every service you miss because your serving with the youth, you will receive a free CD of. See Pam if interested.
